## *Your Stairlift*

***Reliable and safe on curved stairs***

### **MOBILITY**

The *Alpha* stairlift is the perfect solution to make your home accessible and regain your freedom of movement.

### **DESIGN & COMFORT**

Thanks to the aesthetically and user friendly design, this lift fits into any environment and will improve your independence and quality of life.

### **SPACE SAVING**

Due to the extremely slim and compact design the rail and chair occupy only a minimum of space, keeping the staircase free of obstruction.

### **HIGH QUALITY**

The robust construction ensures a long working life and reliable performance. Confirming to the highest safety and quality standards the *Alpha* stairlift is an inexpensive way to manage staircases in a pleasant way.
